

WOMEN IN MATHEMATICAL FINANCE WORKSHOP

FEBRUARY 12-13, 2026

**SAPIENZA UNIVERSITY OF ROME
MEMOTEF DEPARTMENT
VIA DEL CASTRO LAURENZIANO 9
ROME, ITALY**

The central theme of the Workshop is the recognition and promotion of the scientific results achieved by women in applied mathematics for economics, finance, and insurance, as well as the advancement of women in the world of work, with particular attention to the finance and insurance sectors.

The workshop programme includes:

- talks by keynote speakers of internationally recognised scientific standing;
- talks by early-career female researchers at the beginning of their academic careers;
- a round table discussion on gender equality and inequality in research and in the world of work.

Within the framework of the Workshop “Women in Mathematical Finance”, Rome, 12–13 February 2026, Sala Onida, Faculty of Economics, Sapienza University of Rome, students enrolled in the Finass Degree Programme (second year on) may earn **1 ECTS credit recognised as “Other Educational Activities”** by attending the afternoon sessions of the workshop (Thursday 12 and Friday 13 February 2026, from 1:30 pm to 5:30 pm).

Interested students are required to:

- register by completing a Google form available on the Finass Degree Programme webpage dedicated to this initiative by **31 January 2026**;
- attend the afternoon sessions (attendance will be recorded).
